SAFETY RULES
For the pool area

1. Do NOT jump in the pool and do NOT dive!

The upper rails and strips of pool wall are not constructed as walking lanes and shall not be used as springboard for jumping! Do not jump in the pool off the wall and do not dive in the pool! Jumping or diving in the pool can lead to serious injuries or even drowning!

2. NEVER use the pool alone!

Never use the pool unless there is another person around. This nearby person can always come to your rescue in case of accident or weak spell.

3. Children without attendant are NOT allowed in the pool or around the pool!

Children unattended by older person are NOT allowed in the pool or around the pool, not even for a second! Continuous control by adult attendant is a must and may not be substituted by other means of child minding!

4. Do NOT push anyone into the pool!

Pushing people in the pool is prohibited. Do not let yourself be pushed in the pool. This can happen against your will because the surface around the pool is often wet and slippery, so be careful!

5. Do NOT use alcohol and drugs in the pool!
Spilling of alcohol or drugs in the pool or pool area is prohibited!
Drunk or drugged visitors are not allowed by the pool!
